► Teleradiology Service

We offer full service teleradiology for radiographs, ultrasounds, CT scans, and MRI's . Our goal is to elevate the standard of veterinary care for all animals, but still be an economical choice for your budget.

► Ultrasound & Training

miEducation brings together hands-on learning and passionate imaging professionals to teach users effective protocols and techniques for acquiring images and gaining confidence in their abilities. Come to an in-person course at our teaching facility in Guelph, Ontario, or have one of our instructors come to your clinic for an on-site training session.
