Teleradiology Service

We offer full service teleradiology for radiographs, ultrasounds, CT scans, and MRI's . Our goal is to elevate the standard of veterinary care for all animals, but still be an economical choice for your budget.

Advanced AI Service Powered by X Caliber™

Upgrade your veterinary practice's diagnostic capabilities with radiology powered by **X-Caliber** AI. Quickly interpret X-rays with convenience and speed, improving treatment precision and ensuring the best care for your patients. With our ISO 27001-2002 certification for information security, you can trust that patient data is protected—making us one of the few companies in the market with such credentials.
