Medical Imaging Supplies

Medical Imaging Group

With our complete line of Wall-to-Wall™ radiology products and solutions, we can provide and service everything you need to keep your radiology department running worry free for years to come.

Lead Aprons

Our Aprons are designed with unique features that make them as convenient to use and comfortable as possible. You are given the choice of lead composite core materials in various combinations of lead-equivalence.

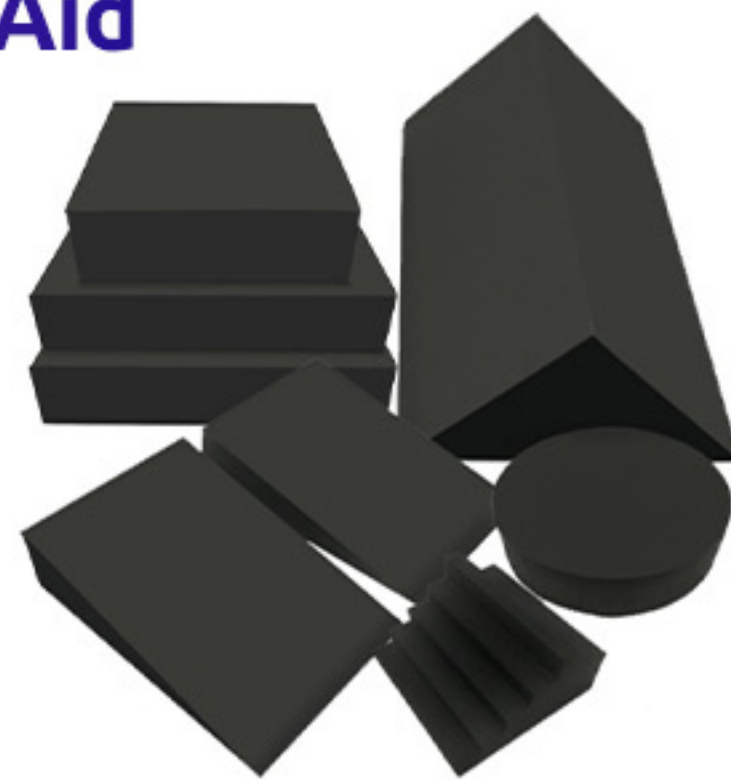

Lead/Laser Eyewear

Radiation exposure is a major risk to the eyes of healthcare professionals who frequently work with x-rays. Our glasses protect the eyes from scatter radiation.

Sponges & Positioning Aid

- Closed Cell Sponges
- Coated Sponges
- Vinyl Covered Sponges
- MRI Positioning Aids
- Non-Coated Sponges
- Sandbags & Sandsocks
- Specialty Positioning Aids
- Platforms & Positioning Stools

Flexible Sand bags/socks

Techno-Aide's superior, flexible vinyl sandsocks are the ideal option for quick and comfortable patient positioning. These flexible sandsocks are the perfect solution for hard to hold or irregular anatomy.

Mobile X-Ray Barriers

If you have a unique shielding requirement, we can provide you with a custom radiation barrier with up to 2" of lead. Our mobile X-Ray Barriers include a lead safety glass viewing window in the top with an opaque lead-lined bottom panel faced with easy-to-clean grey ABS plastic.

Lead Gloves

These mitts are designed for veterinary applications where fingers and thumbs must be protected. One-size fits all with a lead-equivalency of 0.5mm.
